ABOUT ME

Agentic AI Developer with 2 years of experience in designing and developing AI-powered applications using Claude Code, Python, OpenAI Agents SDK, FastAPI, and modern AI development workflows. Skilled in building intelligent AI agents, Retrieval-Augmented Generation (RAG) systems, LLM integrations, and scalable web applications. Proficient in React.js, Next.js, Streamlit, Tailwind CSS, PostgreSQL, and Qdrant, with hands-on experience delivering AI-driven solutions through rapid development, automation, and clean software architecture. Passionate about continuous learning, solving real-world problems, and building innovative AI applications.

Agentic AI Developer

2024 – Present

- Developed AI-powered applications using Claude Code, Python, and modern AI development workflows.
- Built intelligent AI agents using OpenAI Agents SDK and integrated Large Language Models (LLMs).
- Designed and implemented Retrieval-Augmented Generation (RAG) systems using vector databases.
- Developed REST APIs with FastAPI for AI applications and automation workflows.
- Created responsive web interfaces using Next.js, React.js, Tailwind CSS, and Streamlit.
- Used Claude Code extensively for code generation, debugging, refactoring, testing, and rapid application development.
- Utilized AI-assisted development tools to build scalable and production-ready applications.

EDUCATION

Intermediate (Commerce)
2020 – 2022

Matriculation (Science)
2018 – 2020

TECHNICAL SKILLS

Programming: Python, JavaScript, TypeScript

AI & LLM: Claude Code, OpenAI Agents SDK, Prompt Engineering, LLM Integration

Frameworks: FastAPI, Streamlit, React.js, Next.js, Tailwind CSS

Databases: PostgreSQL, Qdrant

Tools: Git, GitHub, VS Code, Docusaurus, OpenRouter, REST APIs

PROJECTS

Developed AI-powered applications using Python, Claude Code, OpenAI Agents SDK, FastAPI, Streamlit, React.js, Next.js, Tailwind CSS, PostgreSQL, and Qdrant. Experienced in building RAG-based chatbots, AI automation workflows, and scalable web applications.

- AI-Driven Humanoid Development Platform
- RAG AI Chatbot
- PDF Summarizer & Quiz Generator
- Country Information App
- Secure Data Encryption App
- Library Management System

LANGUAGES

- English – Professional Working Proficiency
- Urdu – Native
